

Fostering Entrepreneurship, Innovation, and Economic Development

OUR MISSION

CEO at Salisbury University is devoted to encourage, motivate, and inspire those who thrive on the idea of starting a business via networking and allocating resources and tools, bringing together the powerful and innovative minds throughout the university, this organization serves as a hub for entrepreneurial spirits.

- Cultivate an environment where student entrepreneurs can learn, grow, and get feedback on their product or service idea
- Provide interactive and collaborative meetings that provide insight into Entrepreneurship and connect students with their peers
- Connect students to entrepreneurs in the community through occasional guest speakers

We spread awareness of the Student Entrepreneurship Competitions and Shore Hatchery Competition. We also help students with resources required for entry into the competitions such as Business Plans, Pitches, Posters, Financial Statements, and Marketing Materials.
