

## **2023 Progress Reports on the Implementation of USM Policies on Graduate Assistants**

In 2010, the Board of Regents adopted a policy intended to improve the status of graduate assistants throughout the System. USM BOR Policy III-7.11, “Policy on Graduate Assistantships” was implemented in December of that year, and in 2012, the policy was amended in order to include a “Meet and Confer” process by which graduate assistants would meet regularly with institution administrators in order to communicate issues of concern.

The purpose of this survey is to provide updated information on the institutional implementation of Policy III-7.11 as well as information on the efficacy of the Meet and Confer process.
