PROGRESS REPORT ON INSTITUTIONAL PROGRAMS OF CULTURAL DIVERSITY
February 2014
Cultural Diversity Planning at Salisbury University

INTRODUCTION

Salisbury University's strategic plan for 2009-2013 demonstrates the University's commitment to, and plan for, programs of cultural diversity on the campus. The Strategic Plan goals recognize several areas where Salisbury University is committed to moving forward, and cultural diversity is interwoven into all four goals of the existing plan.

As we have spent the last year developing our updated draft strategic plan, the University's value of cultural diversity has been reaffirmed. Once finalized the strategic plan for 2014-2019 will again weave the cultural diversity focus into each goal.

The University's core values must be lived and experienced as integral to everyday campus life so that students make the connection between what they learn and how they live. The goals and objectives of our strategic, academic, facilities, and enrollment plans, as well as our fiscal commitments, reflect our fundamental values.

The core values of Salisbury University are:
- excellence
- student-centeredness
- learning
- community
- civic engagement
- diversity

SU's Cultural Diversity Plan, first developed in 2009, is grounded in the institution's core values and aligned with its Strategic Plan goals and each focus area.

CULTURAL DIVERSITY AT SU

Since its founding in 1925, Salisbury University has traditionally attracted primarily white students, faculty, and staff. Recognizing a need to increase students' opportunities to gain competency in learning about and working with diverse cultures and expanding access to college, SU President Janet Dudley-Eshbach launched a cultural diversity initiative when she arrived on campus in 2000. In her initial letter to the campus Dr. Dudley-Eshbach stated: "What needs to happen on this campus is no less than a transformation in terms of inclusiveness, campus climate, and dialogue within our SU community," and she announced the creation of an Office of Diversity (enhanced in 2013 to become the Office of Institutional Equity: Fair Practices, Diversity and Inclusion).

Under Dr. Dudley-Eshbach's leadership, SU has made great strides towards becoming a diverse, inclusive campus. President Dudley-Eshbach's vision of diversity extends to faculty, staff, and students, and includes geographic diversity. Our enrollment of 8,643 includes 2,031 minority students, an increase of 157 minority students (8.4%) over fall 2012. Minority students now make up 24% of our student population (based on students that have identified a race/ethnicity category).

President Dudley-Eshbach's emphasis on the importance of international education has helped bring an increasingly international profile to our student body. The fall 2013 student

population includes students from 63 foreign countries. Of these students, 119 are nonresident aliens (a substantial increase from 86 in 2012).

An increased effort to recruit students of diverse backgrounds is only part of the success story at SU; we also continue to work hard to retain diverse students after they have arrived. The successful and growing intercultural orientation program for students of diverse backgrounds referred to as Powerful Connections Program assists under-represented, first-year students with the successful transition to college-level work and facilitates their sense of connectedness to the University community. Our TRiO grant, in its fourth full year of implementation, offers assistance for first-generation, low-income, and differently-abled students at SU. Other retention initiatives, such as Supplemental Instruction (SI) and Living-Learning Communities (LLCs), also demonstrate SU's commitment to student-centeredness and the success of our students.

SU offered several opportunities for faculty and staff professional development and training in areas related to creating and sustaining a diverse campus. Topics included Sexual Harassment Prevention, Prevention of Discrimination and Other Forms of Harassment and Teaching in a Diverse Classroom. With the assistance of professional training facilitators Workplace Answers, SU launched a comprehensive Title IX online training program to include all Faculty, Staff, and student employees.

ADMINISTRATIVE COORDINATION AND ACCOUNTABILITY

The Office of Institutional Equity (OIE), Fair Practices, Diversity and Inclusion, reports to the Office of the President.

SU had conducted a national search for a Chief Diversity Officer. While the search was not successful, it gave us a clearer idea of the skills needed to fill this very important position. As a result, in order to increase institutional effectiveness, it was decided at the end of 2013 to merge the Office of Fair Practices and the Office of Diversity. This new Department reports directly to the Office of the President and is known as the **Office of Institutional Equity (Fair Practices, Diversity, & Inclusion).** Salisbury University is very excited at this bold step of placing our commitment to diversity in the forefront.

In partnership with the Office of Human Resources, review and assessment of institutional affirmative action and equal opportunity policies and practices are ongoing as SU strives to increase a diverse faculty and professional staff on campus.

HIRING PROCEDURES

The Office of Institutional Equity supports the Office of Human Resources in achieving Strategic Plan Focus Area: "addressing the recruitment, hiring, and retention of a quality, diverse faculty and staff."

The search process continues to be reviewed and monitored to ensure compliance with all Federal and State laws. Examples of important tools that monitor and track diversity include: the *Recruitment Plan* which addresses diversity on two fronts: (1) the makeup and selection of the search committee to ensure it has a diverse representation, and (2) careful tracking of the job-posting venues for where the available positions are advertised; this encourages a wider scope of potential candidates to interview. The second tool is the *Candidate Pool/Finalist Report*. This report tracks the progress of the search and ensures that the diversity of those selected for interview reflects the diversity of the original pool of candidates.

With the goal to broaden the diversity of applicants, the Office of Institutional Equity has identified national professional organizations where the institution will hold membership and begin to strengthen its presence.

MINORITY STUDENT RECRUITMENT INTIATIVES

Strategies have been implemented as part of Salisbury University's Strategic Enrollment Plan:
- Utilized current student hosts to visit home high schools to speak with guidance staff.
- Continue current assessments (EBI, SSI, CIRP, NSSE) to collect students' perceptions of Salisbury University.

- Invited prospective students and current students to attend Salisbury University's multicultural leadership conference.
- Hosted annual Powerful Connections program to assist with the transition from high school to college.
- On Admitted Student Day, the Office of Multicultural Student Services hosted the Multicultural Alliance Reception for admitted diverse students.
- The Admissions Office hosted 72 diverse student groups on campus for tours and information (and often lunch).
- Admissions conducted targeted phone counseling for diverse students.
- Admissions officers attended multiple Fall National Hispanic College Fairs.
- Enhanced the tele-counseling program to include: pairing SU students and prospective students with shared backgrounds and interests along with increased phone contacts from SU students and admissions staff.
- Promoted Test Optional Admission Policy as a minority recruitment strategy – Test Optional Admission pilot was successful and has been approved as a standard policy.
- Continued support of (and hosted this past fall) the Way2Go Maryland Events for College Planning.
- Conducted on-the-spot admissions events for targeted high schools with a high minority population.
- Developed recruitment partnerships with College Access programs that assist diverse students.
- Initiated a partnership with the education department for the recruitment of diverse students.

STEM INITIATIVES AND DIVERSITY

Peer Mentor Project: The STEM|ASSIST peer mentor program strives to connect new transfer students in one of our targeted majors (Chemistry, Computer Science, Earth Science, Mathematics, and Physics) with a current SU STEM peer mentor. The goal of the STEM|ASSIST program is to expedite the integration of new transfer students, both socially and academically, by providing them with introductions to the faculty and resources available to them on campus, in the departments, and around town.

Science Nights at SU: High school students on the Eastern Shore considering careers in the growing fields of science, technology, engineering and mathematics (STEM) were eligible to attend Science Nights at SU this academic year free of charge.

STEM sponsored Posters on the Hill: Sharing research on robotic arms, Salisbury University sophomore Samim Manizade presented at Posters on the Hill, a national event attended by U.S. Congressional leaders and others. Selected by the Council on Undergraduate Research (CUR) from among some 800 applicants nationwide, Manizade was one of only 60 student participants and the sole representative of a Maryland campus. The Capitol Hill poster session illustrated the importance of undergraduate research to federal legislators and representatives of funding agencies.

A Salisbury University student earned one of the world's most prestigious international scholarships, the Gates Cambridge award, to explore the development of drugs, especially for antibiotic-resistant diseases. Dominique Kunciw will pursue a Ph.D. in chemistry at the renowned University of Cambridge. Established by the Bill and Melinda Gates Foundation, the highly-competitive scholarship is akin to Oxford's Rhodes scholarship, or the Marshall, which

also supports study in the United Kingdom. Over 4,000 people worldwide apply for the Gates annually; Kunciw was one of only 39 U.S. recipients for 2013-14.

RETENTION OF DIVERSE STUDENT POPULATIONS

Powerful Connections, a program that matches upper class students with first-time freshmen from under-represented groups to assist in the college transition, achieved significant success.

- 41 TRiO participants received supplemental grant aid in 2012-2013 to help defray the cost of a college education. The amount of grant aid ranged from $560 to $4,750.
- TRiO participants Jenna Payne and Sitra Kelifa were awarded a $500 scholarship by Maryland Executive Council for Educational Opportunities in 2013. The scholarship is awarded to deserving TRiO participants to help defray the high cost of completing a college education.
- TRiO participants Janelle Oni and Lauren Allen were awarded the 2012 Keith Sherin Global Leadership Scholarship from the Council for Opportunity in Education (COE). The scholarship is awarded to TRiO students to defray the cost of studying abroad in Salamanca, Spain for four weeks.

The TRiO participants' make-up for 2012-2013:
- 8 Asian students
- 65 Black/African American
- 15 Latino or Hispanic
- 8 More than one race
- 51 White
- 92 of the students are low income and first generation
- 19 low-income only
- 28 first-generation
- 1 disabled

  - Students visited SI sessions over 8,710 times throughout the semester.
  - The mean final course grade of SI participants was 2.47 compared to a 1.91 of students not attending SI.
  - In general, students who attended SI earned a half-letter grade higher than the students who did not attend.
  - As a result of SI attendance, students reported:
    - Greater clarity with course concepts
    - Improved study skills
    - Increased comfort with asking questions

  - 86% of SI participants felt they further understood course content as a result of SI attendance.
  - The average GPA of our SI leaders was 3.63 for the spring semester.

DIVERSITY INITIATIVES AT THE WRITING CENTER

The Writing Center's mission:
- To provide opportunities for writers to seek thoughtful feedback about their work
- To increase the confidence, versatility, and competence of all writers, in all disciplines
- To help writers reconsider and refine their ideas so they can revise their writing in meaningful ways
- To support classroom writing instruction by partnering with Salisbury University faculty members

The Writing Center broadened its outreach efforts to diverse students by serving as a partner in the TRiO grant. A writing assessment intake coordinator meets with each first-year student in the TRiO program and advises effective use of the Writing Center. The writing assessment coordinator evaluates TRiO students' strengths and weaknesses in academic writing and suggests an individualized plan for writing development.

Writing consultants have been trained by the Counseling Center, Students with Disabilities Support Services, and LGBTQ Alliance Student Group.

ALUMNI DIVERSITY INITIATIVES

The Alumni Board has increased its minority membership from one minority member to four members.

The Alumni Office partnered with Multicultural Student Services and the Horizons Project to produce events for specific affinity groups during Homecoming Weekend. Events included LAMBDA Society Rainbow Reunion and the Multicultural Jazz Alumni Social.

SOCIAL LIFE AND ORGANIZATIONS
   Multicultural Student Organizations include:
- ASA - African Students Association
- MSA - Muslim Students Association
- NAACP - National Association for the Advancement of Colored People
- OLAS - Organization of Latin American Students
- P4F - Passion 4 Fashion Modeling Inc.
- Salisbury University Gospel Choir

Annual events on the Salisbury University campus provide opportunities for exposure to a wide variety of multicultural celebrations that range from month-long historical knowledge events, to the fine arts and folk arts, to progressive speakers that help to develop cultural awareness and support critical thinking and exploration of cultural diversity.

SU's cultural diversity events are planned and presented through collaborative partnerships that include offices and committees from every division on campus.

Cultural laureate program. SU students are invited to participate in the Cultural Laureate Program by attending at least five different cultural events per semester. They can choose from a selected list of events on SU's campus, including concerts, theatre, dance, lectures and exhibits. If SU students achieve Cultural Laureate status for three semesters during their academic career at SU, they will earn an honors cord to wear at commencement.

COMMUNITY RELATIONS

The University continues working with local and regional governmental and private entities to make the Salisbury area more accepting of diverse populations.

The Franklin P. Perdue School of Business' Business, Economic, and Community Outreach Network (BEACON) hosts the Bienvenidos program. The Bienvenidos program is a network of over 70 service-providing organizations that meets monthly to exchange information, discuss common problems and issues and work on appropriate solutions in order to better serve immigrants in this region. Through a needs assessment Bienvenidos established five priority areas--language, education, health, transportation and legal aid. Facilitate monthly meetings of service providers, coordinate and organize outreach initiatives to introduce providers to the immigrant communities, link college students with organizations to help them better serve the immigrants, make new contacts in our community every day to generate greater community participation and more communication within our population and offer on-going support and training.

CONCLUSION

Salisbury University's commitment to student excellence and success is nationally recognized and well established. SU is equally committed to creating a diverse campus

community and to recruiting and retaining culturally diverse students, faculty, and staff. Recognizing the responsibility and opportunity to meet the changing ethnic and racial demographics of Maryland's population, the University has made great strides toward the goal of increasing its minority student population. The programs we have introduced will help the University welcome and accommodate the projected increasing number of Hispanic/Latino Maryland high school students. Programs needed to attract more international students to campus while offering SU students additional opportunities for international study have been put in place and are already achieving significant results.

The greatest challenge and threat to the University's continued success in recruiting and retaining a diverse student body, faculty, and professional staff is funding. Salisbury University is proud of its momentum on closing the achievement gap despite its funding challenges. Not to be deterred, the University will continue to look for external sources of funding, as well as make its case for additional State funding.

Over the most recent years of our Strategic Plan, the University has piloted and implemented initiatives detailed in this report that support the success of minority students while enhancing the learning and success of all students. The preliminary outcomes of these endeavors are quite positive; with sustained effort and commitment, we expect even greater results.

Note 1. Staff numbers prior to 2012-13 include Full-time and Part-time staff with a Principal Occupation code indicating their primary job duty is one of the following categories: Unknown, Executive/Admin, Professional, Clerical, Technical, Skilled Crafts, or Service/Maintenance.

Note 2. Staff numbers for 2012-13 include Full-time and Part-time staff with a Principal Occupation code indicating their primary job duty is one of the following categories: Management (11); Business & Financial Operations (12); Computer, Engineering, & Sciences (13); Community Service, Legal, Arts, & Media (14); Archivists, Curators, & Museum Technicians (21); Library Technicians (23); Healthcare Practitioners & Technical (25); Service (26); Sales & Related Occupations (27); Office & Administrative Support (28); Natural Resources, Construction, & Maintenance (29); Production, Transportation, & Material Moving (30); Military Staff (31)

Note 3. During AY 2012-13, federal reporting changes mandated that faculty and staff occupation codes be revised to conform with new regulations. As a result, staff occupations that once fell into the administrative staff classification have been expanded. Thus, data reported by occupation code before and after AY 2012-13 are no longer comparable. As a result, staff data reported in the corresponding table and described in the narrative refers to all relevant staff categories (as defined in MHEC's definitions), but it is not disaggregated by occupation code.
