

## THANKSGIVING HOURS IN THE GAC

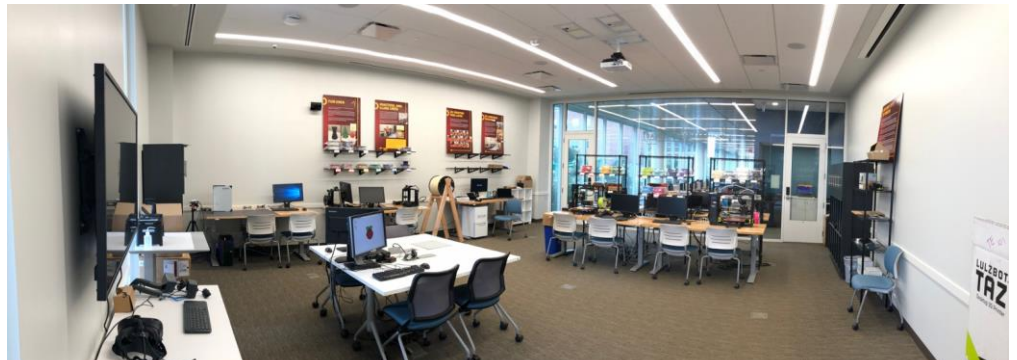

The Guerrieri Academic Commons will be closing at 7 p.m. on Tuesday, November 20, and will reopen at noon on Sunday, November 25. Please note the 24/5 space will NOT be open during this time.

## RESEARCH CONSULTATIONS

Each academic department has a librarian assigned as its liaison. If you need help developing a research strategy or finding sources, feel free to contact the librarian liaison for that department to schedule a research consultation. You can find more information, including links to the liaison list and how to schedule an appointment, on the “Research & Resources” page—just go to the Libraries home page and click on the link on the left. Keep in mind that the librarian will NOT do your research for you but will help you learn how to search effectively.

## MakerLab

The SU Libraries MakerLab has moved! It is still in the GAC but can now be found in room 118, on the southeast corner (parking lot/Perdue corner). Its new space is more than twice as large as the old and is much more visible. And, of course, we have the same equipment we had in the old space, plus some new equipment, most notably a different type of 3D printer that creates more detailed prints. Don't forget we also have 3D scanners, virtual reality, single-board computers and microcontrollers such as Raspberry Pi and Arduino, and a button maker.

## Practice your Presentations

in our reservable Presentation Practice Room, GAC 116 (formerly the MakerLab space). Polish your presentation by practicing it alone or in front of several friends! Record yourself presenting, so you can see what you're doing well and areas where you could improve. Reserve through the “Reserve a Room” link on the left side of the Libraries home page. The room can be reserved for up to three hours. Go to the Library Service Desk to check out the AV remote and gain access to the room.

**Did You Know** Perdue, with headquarters right here in Salisbury, is one of the biggest producers of chicken and turkey meat in the U.S.? You can learn more about Perdue and other companies in the Hoover's Company Profiles, Mergent Online, Business Market Research Collection, and Business Insights databases. See the A to Z Database list at <http://libraryguides.salisbury.edu/az.php>
